"The Bingham Seed Company warrants to the extent of the purchase price that seeds sold are as described on the container within recognized tolerances. Seller gives no other or further warranty, expressed or implied." All contracts subject to delays and contingencies beyond our control.

If you are interested in booking any of your fall requirements, during the summer, we hope you will contact us and we will quote best prices possible as soon as markets are established. For example we can quote large quantities of Ryegrass now in carlots or less at very attractive price, for September delivery. When you start thinking about any clover, grass, oats, rye, lupine, wheat, etc., we would appreciate your contacting us naming quantities needed.

### SPECIAL QUOTATIONS

#### TERMS AND CONDITIONS

Quotations herein subject to change without notice and are for full bags.  
Prices are Net FOB Jacksonville, Fla., unless otherwise stated.

"The Bingham Seed Company warrants to the extent of the purchase price that seeds sold are as described on the container within recognized tolerances. Seller gives no other or further warranty, expressed or implied." All contracts subject to delays and contingencies beyond our control.

Write for quantity prices on Ryegrass and Clover. We have received numerous conflicting reports of prices quoted on Ryegrass and Clovers, these are probably a result of market fluctuations. We will be competitive with any, where high quality is considered.

We will soon have the new Nk-37 Bermuda Grass Seed available. This variety is rated by many authorities to be better than Coastal variety and remember this (Nk-37) can be planted from seed, at a great saving in cost per acre. Book yours now.
